Adaptive Sports USA sanctions over 20 events annually. Sanctioning approves the conducting of a competitive multi-disability, single or multi-sport event including at minimum archery, powerlifting, shooting, swimming, table tennis, and/or track and field. The sanction represents an events commitment to following national and, when applicable, international rules and regulations for each of the individual sports contested and to provide a safe environment for participants and spectators.

Adaptive Sports USA works alongside our nationwide network of chapter members to promote our sanctioned events for youth and adults, including disabled veterans and disabled members of the armed forces. The events serve over 1,800 athletes with a physical disability and/or visual impairment annually. For athletes aspiring to advance along the athlete pipeline, sanctioned events serve as qualifiers and/or training opportunities for national competitions such as the Adaptive Sports USA Junior Nationals, U.S. Paralympics National Championships and Trials, the National Veteran Wheelchair Games, and the Valor and Warrior Games.

All events are subject to change. Please visit each event’s website for registration and more information.

Didn’t find an event near you? Don’t worry!
Tap into your local community for inclusive competition opportunities within the sport and/or school system. Best practices are highlighted by the Athletics for All Task Force, specifically around school inclusion, at https://athleticsforall.net.

The 2020 Series of Sanctioned Events is supported, in part, by the Department of Veterans Affairs.
For additional events supported by the VA, visit https://www.blogs.va.gov/nvspse.
